

MOBILE PRINTER

Udyama 58B Thermal Receipt Printer

- Wireless Connection
- Battery -in built
- Fast Printing
- Portable
- Bluetooth Connectivity

Compact & Powerful
The Portable Thermal Printer for On-the-Go Efficiency

Technical Specification

ITEM		Parameter
Printing	Printing method	Thermal dot line printing
	Resolution	203dpi, 8dots/mm
	Printing speed	50-80mm/s
	Valid printing width	48mm
	Interface	Bluetooth, USB
Power saving	Sleep mode	YES
Character set	Font	ASCII:9 17,12 24; Multiple code pages support
Barcode Symbolologies	1D	UPC-A, UPC-E, EAN8, EAN13, CODE39, ITF, CODEBAR, CODE128, CODE93
	2D	QR code
Graphics		Support bitmap printing with different density and user defined bitmap printing (Max. 40K for per bitmap, and Max. 64K for total)
Detection	Sensors	Paper out detection
Charging	Charger	1) 5V/1A in Adapter, 2) 5V/500mA in computer USB connector
	Battery	4000mAh/8.4V rechargeable Li-ion battery Full charge can print 100-200m (printing density not more than 12.5%) or 80-100mm (printing density not more than 25%)
	Recommended Paper	FD210,PD150R, PD160R
	Paper width	58mm
	Paper thickness	60-80 m
	Paper Roller diameter	50mm
	Paper loading	Easy loading mechanism
Physical characteristics	Working condition	-10 C-50 C, 20%~85%RH
	Storage condition	-20 C-70 C, 5%~95%RH
	Dimension	120*82*60mm
	weight	205g
Software	Emulation	ESC/POS compatible command set
	Driver	Windows XP/Win7/Win8/Win10

Product Connectivity

- **Compact & Lightweight Design** – Easily fits in your pocket, perfect for mobile use.
- **High-Speed Printing** – Fast and efficient thermal printing technology for quick receipts.
- **Bluetooth & USB Connectivity** – Seamlessly connect to your smartphone, tablet, or POS system.
- **Long Battery Life** – Supports extended operations without frequent charging.
- **Durable & Reliable** – Built to withstand daily wear and tear, ensuring long-term use.
- **User-Friendly Interface** – Simple setup and operation with minimal technical expertise required.
- **Eco-Friendly Printing** – No ink or toner required, reducing waste and operational costs.

Applications:

- **Retail Shops & Supermarkets** – Streamline billing at counters or during mobile sales.
- **Cafes & Restaurants** – Quickly print receipts for table or takeaway orders.
- **Pop-Up Stores & Markets** – Ideal for temporary setups requiring portable billing solutions.
- **Home Delivery Services** – Easily print customer receipts on the go.
- **Taxis & Transport Services** – Provide printed receipts for fares instantly.
- **Small Vendors & Street Sellers** – Simplify billing for on-the-spot sales.
